PART 1: WHOP RELEASE HISTORY (Newest First)

Sep 25, 2026 – Whop Neobank Blueprint

What it is: A blueprint that lets anyone create their own neobank (digital bank) in about 15 minutes on Whop.

Key detail: This is NOT a Whop-branded neobank for users. It's a "create-your-own-neobank" business blueprint – a ready-made fintech business template. Whop's X account announced: _"Neobanks are great businesses that are easy to run. Today, you can create your own in 15 minutes on Whop."_

Where: whop.com/blueprints/neobank/

How it works: Deploy the blueprint → get a live website with banking features → set your own fees for deposits, withdrawals, transfers, and swaps → monetize per transaction.

Business model: You earn fees on every user transaction. It's a fintech business-in-a-box.

Sep 2-3, 2026 – SpaceXAI / Grok / Cursor Integration

What it is: Whop named as Grok's first full-stack business connector. 117M monthly Grok users can now create and manage businesses through natural language prompts.

Key features:

- Grok users can turn ideas into live businesses without leaving chat
- Cursor developers can build, launch, and run businesses from inside their coding environment
- Grok Bot integration: spin up AI teammates with dedicated roles to run your business asynchronously
- Whop plugin available in Cursor Marketplace under "Payments"

Aug 4, 2026 – Whop CLI (Command-Line Interface)

What it is: A terminal interface giving every Whop business owner full API access through simple commands. Works for humans AND AI agents.

What you can do:

- Launch products and set prices
- Spin up ad campaigns
- Check sales stats
- Move money
- Create checkout links
- All via plain language commands

Install: ‘curl -fsSL https://whop.com/install.sh | sh‘ (macOS/Linux) Also available via npm (Node.js 22+)

AI agent integration: Self-describing commands let agents like Cursor, Claude, and Grok discover and drive every command. Claude Code tutorial available.

Jul 14, 2026 – Tap to Pay on iPhone

What it is: Accept in-person contactless payments directly on your iPhone – no terminal required.

Key features:

- Integrated into all Whop checkout links in the Whop iOS app
- Works with physical debit/credit cards, Apple Pay, other digital wallets
- One-time payments only (not subscriptions – yet)
- For brick-and-mortar, IRL services, pop-up stores

Jun 26, 2026 – Whop Tax Service

What it is: Automated sales tax and VAT handling, built directly into Whop.

Three options:

1 Full automation – Whop calculates, collects, files, and remits sales tax/VAT for you

2 Auto-calculate only – Whop calculates and collects, you handle filing

3 Do it yourself – Keep your existing tax processes (default for existing businesses)

Coverage at launch: US, UK, all EU countries. More jurisdictions coming.

May 27, 2026 – Whop Cards (Business-Native Card)

What it is: A Visa business card that lets you spend directly from your Whop balance – no bank withdrawal needed.

Key features:

- Operates on Visa network – accepted at 150M+ merchant locations worldwide
- Up to 5% cashback on eligible purchases (Uber, Whop Content Rewards, Whop Ads)
- Funded through Whop's stablecoin infrastructure
- Real-time spending from Whop earnings
- Completes the "launch, grow, spend" lifecycle on one platform

- Morningstar: https://www.morningstar.com/news/business-wire/20260527058657/whop-announces-launch-of-business-native-card

May 12, 2026 – Whop Ads + Meta Integration

What it is: Built-in advertising product with Meta Managed Agency Account access.

Key features:

- Agency-grade ad tools inside Whop dashboard
- Premium Meta account: prioritized bidding, higher spend limits, direct platform support
- Access to 22M+ buyer data for targeting
- Bulk upload creative, launch campaigns, track results
- Connect existing social accounts and pixels
- Phase one of expansion to "every major platform"

Stats: Businesses on Whop collectively generate $300M+ monthly. 40,000+ monthly earners.

PART 2: HOW TO MAKE MONEY ON WHOP – Every Method

Overview: The Numbers

Whop has 195,000+ products and millions of members. Here's what the data shows (as of Feb 2026):

Metric	Number
Products generating any revenue	21,805 (11%)

Products earning $1,000+/month 3,964
Products earning $10,000+/month 961
Median earning product $72/month
Average earning product $2,984/month
Top 5% of products Vast majority of revenue
Total creator earnings (Aug 2026) $140,000,000+ (25,700 people)
Total sales on Whop $1.8 billion+
Whop Partners earnings to date $10M+
Affiliates actively earning 30,000+

Key insight: Recurring (subscription) products earn nearly 2x more than one-time purchases. Avg subscription product: $4,053/month. Avg one-time: $2,047/month.

METHOD 1: Sell a Paid Community (Easiest Start)

What: Gate a Discord-style community behind a monthly subscription. Trading groups, sports picks, fitness, masterminds, niches – anything.

Average earnings: $4,463/month (across 6,021 earning products)

Examples of top earners:

- Committed Coaches (fitness): $4.9M/month, 13,750 members
- TTW Inner Circle (trading): $17M/month, 9K members
- Bravo Six Picks (trading): $551K/month
- Scarface Trades, Stock Levels University, Team Bull Trading: $10K-$100K+/month

How to start:

1 Go to whop.com and sign up (free, no credit card)

2 Create a Whop

3 Add community features (chat, forums, livestreams)

4 Set monthly price

5 Publish and share your link

Time to start: ~5 minutes to set up pricing and publish

Best niches: Trading, sports betting, fitness, reselling, crypto, AI, marketing

METHOD 2: Sell Online Courses

What: Create video courses with modules and lessons. One-time or subscription.

Average earnings: $3,110/month (across 6,593 earning products)

Popular course topics on Whop: Affiliate marketing, social media growth, crypto, sports betting, fitness, reselling, ecommerce, personal finance

Pricing: Short courses $10-$50. Comprehensive courses $100-$1,000+. Many use subscriptions with drip-fed content.

How to start:

1 Sign up at Whop.com

2 Add the Courses app to your Whop

3 Create modules and upload lessons

4 Create a product and set up your store page

5 Start selling

Pro tip: Use subscription pricing with drip-feed to guarantee minimum revenue per student. Example: $25/week, 4 modules unlocked weekly = $100 minimum per student.

Links: https://whop.com/blog/create-sell-courses/

METHOD 3: Build Software / SaaS / Tools

What: Sell access to software, bots, indicators, AI tools, automation scripts.

Average earnings: $3,180/month (across 2,475 earning products)

Examples: Trading bots, AI tools, automation scripts, SaaS products

How Whop helps: Handle subscriptions, free trials, annual plans, tiered pricing. Auto-issue license keys. Restrict features by subscription tier. No need to build your own billing system.

How to start:

1 Build your software (or use a blueprint)

2 Connect to Whop's platform API

3 Set up subscription plans

4 List on Whop marketplace for discoverability

Links: https://whop.com/blog/businesses-on-whop/

METHOD 4: Affiliate Marketing (No Product Needed)

What: Promote other people's Whop products and earn commission on every sale.

Commission: 30% by default (creators can change this). Recurring on subscriptions.

How it works:

1 Create a free Whop account

2 Go to Affiliates dashboard

3 Browse the Affiliate Marketplace – filter by industry, commission rate, earnings, conversion rate

4 Click "Become affiliate" on any product

5 Get your unique referral link

6 Share it anywhere (social media, blog, DMs, YouTube, etc.)

Two ways to earn as affiliate:

- Refer buyers – 30% commission (default) on every purchase through your link
- Refer sellers (Whop Partners) – 25% of Whop's gross profit on transactions

Best high-paying affiliate opportunities (data from Whop Trends):

- Bravo Six Picks: $551K/mo revenue, 50% commission
- AI Arbitrage Blueprint: $569K/mo revenue, 30% recurring
- TTW Inner Circle: $678K/mo revenue, 30% recurring

Pro tip: Build a review site, YouTube channel, or social media presence around Whop products. With recurring commissions, one referral pays you every month.

METHOD 5: Whop Partners – Refer Businesses

What: Refer businesses to join Whop as sellers and earn up to 30% of Whop's gross profit from them.

Commission: Up to 30% of Whop's gross profit per referred business, recurring for the business's lifetime. Plus 1% of their ad spend if they run Whop Ads. Plus second-tier commissions when partners you refer bring in businesses.

Who can do this: Anyone worldwide. You don't need to be a founder. Just make introductions.

Who to refer: Any business that could use better payments infrastructure, storefront hosting, or ad campaigns. Coaches, software companies, agencies – any business model.

How to start:

1 Join Whop Partners from your dashboard

2 Create a referral with the business name, website, estimated revenue

3 Whop gives you a referral link and email invite

4 Send it to the business – the sale is yours to close

5 Once they sign up and start selling, you earn

Earnings potential: Top partners clear 6 figures per referral.

Links: https://whop.com/blog/whop-partners/

METHOD 6: Create and Publish Blueprints

What: Build a complete Whop business template (blueprint) and publish it. When someone deploys your blueprint, you earn 10% of Whop's profit on every sale that business makes.

Commission: 10% of Whop's profit on sales through every deployed copy of your blueprint. Attributed automatically. Comes from Whop's share, not the seller's – so it doesn't affect their pricing or payouts.

What's in a blueprint: A complete business – every page, every product, every price, wired to a working checkout, deployed on a subdomain.

Examples of blueprints: Salon, gym, jeweler, martial arts academy, safari outfitter, high-ticket coaching funnel, creative agency, neobank.

How to create:

1 Build a business on Whop (manually or via AI chat)

2 Go to Websites > publish as blueprint

3 Or use the CLI: clone a blueprint source, customize, redeploy

Pro tip: One blueprint per business. The blueprint is the distribution unit – when someone clicks "Use this blueprint," they get the entire business, not just a design theme.

METHOD 7: Services / Agency (Highest Revenue)

What: Sell services – marketing agencies, content creation, design, copywriting, consulting, dev services.

Average earnings: $17,377/month (across 263 products) – the HIGHEST revenue type on Whop.

How Whop helps:

- Send invoices directly through Whop
- Set up recurring subscriptions for monthly retainers
- Automatic payments collection
- BNPL and global payments for high-ticket programs
- Client communication and community all in one place

How to start:

1 Define your service offer

2 Create a Whop

3 Set up product pages with your service description and pricing

4 Use invoices or subscription billing

5 Deliver through Whop's communication tools

METHOD 8: Coaching & 1-on-1 Services

What: Sell 1-on-1 coaching, group programs, or ongoing mentorship.

How Whop helps: Host livestream calls, private chats, communities. Charge via recurring subscriptions or one-time payments. BNPL for high-ticket programs.

How to start:

1 Create a Whop

2 Set up coaching product (one-time or subscription)

3 Use scheduling/communication tools

4 Share your link

METHOD 9: Digital Products (Templates, Ebooks, etc.)

What: Sell downloadable digital files – templates, ebooks, presets, spreadsheets, guides, planners.

Margin: Pure profit – no inventory, no shipping, $0 cost of goods after creation.

How to start:

1 Create your digital product (use ChatGPT + Canva for ebooks, etc.)

2 Upload to Whop

3 Set price

4 Publish

Examples from Whop marketplace:

- "100 Digital Products You Can Create in a Weekend" – blueprint with 100 product ideas
- "The Whop Blueprint" – beginner guide to making first online income
- "Cashflow Blueprint" – 7 side hustles with step-by-step playbooks
- "Make Money Starting With No Money" – complete business startup guide

Links: https://whop.com/blog/how-to-sell-digital-products/

METHOD 10: Events & Tickets

What: Sell tickets to workshops, masterminds, webinars, live events.

How Whop helps: Create paid access to live events, set different ticket tiers, collect payments globally, offer payment plans (BNPL) for high-ticket events like masterminds and retreats.

How to start:

1 Create event product on Whop

2 Set ticket tiers (VIP, general admission, etc.)

3 Offer payment plans for expensive tickets

4 Sell tickets and manage attendees

METHOD 11: Paid Newsletters

What: Write and gate newsletters behind a paid subscription.

How Whop helps: Write, host, and gate access to newsletters. Build community around content with Forums and Chat. Launch free or paid subscriptions. Email posts directly to readers.

METHOD 12: Sports Picks / Trading Signals / Tips

What: Monetize your expertise by selling picks, signals, or alerts.

Examples: Sports picks, trading signals, deal alerts, crypto calls.

How to start: Create a community or course on Whop, post alerts/picks to members, charge monthly subscription.

METHOD 13: UGC / Content Creation for Businesses

What: Create content (clips, UGC) that helps Whop businesses grow. Whop has clipping and UGC opportunities where users earn money by creating content for businesses.

How to find: Browse Whop Discover page, find businesses that need content, reach out.

METHOD 14: Physical Products / DTC Ecommerce

What: Sell physical products – merch, supplements, books, hardware, collectibles.

How Whop helps: Branded checkout, Shopify fulfillment connection, global payments, local currencies, tax compliance handled. Focus on sourcing and marketing.

METHOD 15: Build a Platform / Marketplace

What: Build a platform where people buy and sell from each other (like StockX, Gumroad, Airbnb model).

How Whop helps: Accept payments from buyers, split fees automatically, issue virtual cards, send payouts to sellers globally. Skip building your own payment processors, KYC systems, escrow logic, and payout rails. Whop handles it through a single integration.

METHOD 16: AI Automation Services (Hot in 2026)

What: Build AI automations for local businesses and charge setup + monthly retainer.

Example product on Whop: "The Local AI Automation System" – 6 complete automations you build step by step:

1 Missed-call text-back

2 AI lead capture & instant response

3 Appointment booking + reminders

4 AI review & reputation generation

5 Database reactivation

6 AI receptionist / FAQ chatbot

Pricing model: Setup fee + monthly retainer. No coding required – visual no-code tools.

METHOD 17: Digital Dropshipping

What: Promote expert-created digital products on Whop and earn affiliate commissions – without creating anything yourself.

Strategy: Pick high-ticket products with good commissions, use paid ads or content marketing to drive traffic.

Top categories: Crypto trading servers, dropshipping courses, business courses, sports picks communities.

Commission ranges: 30% is median. Some products offer 50%+. High-ticket products can pay hundreds per sale.
